Escaped Prisoner Still at Large.

William Knox, a white man, convicted at the June term of the Bourbon Circuit Court and sentenced to serve five years in the county jail at hard labor, took a desperate chance at the city rock quarry in East Paris Wednesday morning where he was being worked, made a dash for liberty, and up to this time has not been apprehended.

Knox was one of the thirteen prisoners in charge of Cooper Davis, that had been assigned to daily work in the county workhouse. He awaited a favorable opportunity and had secured a good start when Mr. Davis drew his rifle to shoot the fleeing man who kept in range of some people ahead of him, which kept the officer from shooting. Knox escaped through the yard and farm of Dan Isgrigg and was soon out of sight.

Jailer Farris was immediately notified, and with Patrolman Fred Link, instituted a search for the escaped prisoner. Finding no clue as to the way taken by the fleeing man in making his exit from the city officers about noon drove to the farm of A. J. Austin, on the Bethlehem pike, where as a hired hand, Knox had worked and lived with the family of James Ryan, a tenant on the Austin farm.

Knox was seen lying on the grass near the Ryan home and when commanded to throw up his hands made a dash for liberty, Jailer Farris emptying his revolver at the fleeing man. Patrolman Link, who had gone around to the rear of the house, also fired with a long range rifle at Knox, as the latter, running like a deer, crossed the road and entered a woodland on the Penn farm.

When convicted and locked up in jail Knox was heard to declare that he would never serve out his sentence, and becoming ill under peculiar circumstances it was thought he had attempted suicide.

Ada See, a seventeen-year-old girl, who was the chief prosecuting witness against Knox has been sent to the Reform School.

Knox is about 24 years old, is 5 feet 9 inches tall, had on a yellow shirt, pair of overalls, siouch hat, has high cheek bones and black hair.

Heavy Damage in Montgomery.

During a heavy storm in Montgomery county Tuesday lightning struck and killed five mules belonging to Thomas Grubbs and knocked down a cow which was being milked, but did not injure the negro man who was milking. The lightning also killed ten sheep belonging to Jesse Highland and tore down many trees and injured the telephone service. The rainfall was heavy in many sections and damaged crops considerably.

To Unite in Holiness Meeting.

The Tri-County Holiness Association, composed of the counties of Nicholas, Harrison and Bourbon, are arranging for a big assembly and revival to be held at Stokes Ford, in Bourbon county, from July 15 to 24. The Rev. Caradine, one of the best known evangelists of the country, has been engaged to have charge of the sessions.

In a conference which took place at the White House Saturday afternoon Senator Bradley and Representative Langley wanted to know what the President was willing to do in the matter of recess Kentucky appointments, but the President doesn't intend to do anything in a hurry.

Bowling Green Goes Wet.

In a hotly contested election the city of Bowling Green Tuesday gave a majority of 107 in favor of a return to the licensed sale of liquors. Three years ago the city went dry by 228 votes.

New Democratic Federation Started.

A Washington dispatch says: "A Democratic Federation of the United States of America has been launched, the central idea of which, according to the official pronouncement is a federation of organizations throughout the country, composed of Democrats, that shall stand for needed improvements in the system of party government and other progressive issues. Among the Democrats who have originated this movement are United States Senators Owen, of Oklahoma; Newland, of Nevada; and Chamberlain, of Oregon; former Vice President Adlai E. Stevenson, of Illinois; two members of Congress from the various states, Democratic editors, and others prominent in the party."

The Law Construed.

Another wrinkle in the new school law was smoothed out this week at Frankfort. A man in Magoffin county was elected a member of the County Board of Education. He went to settle and stayed seven months and during his absence another man was chosen in his stead. When it came time to choose teachers he came back and claimed his place, but the State Superintendent decided in favor of the new man. In his decision he says: "When members of the County Board of Education leave the State for more than a temporary stay they must leave a written notice with the County School Superintendent, and a substitute in their place, if they expect to retain their trusteeship."

A Ward of Kentucky.

In five years thirteen-year-old Aileen Kerr, deaf to every sound, utterly blind, speaking only through the medium of her fingers, trained to abnormal cleverness, has learned to talk and be talked to, to add, read, spell, multiply and subtract. Those who have watched her marvelous progress have declared that under the circumstances it is fully as remarkable as that of Helen Keller. At the age of five the child emerged from an attack of meningitis totally blind and deaf; even her vocal cord were afflicted, and she speaks thickly and with difficulty. For three years she received practically no instruction. Then she was encouraged to invent a system of lip reading of her own. Step by step she added to her supply of knowledge, until now she is not far behind the average girl of her age. Governor Willson, of Kentucky, became interested in her career. He signed a bill which made her a ward of the commonwealth of Kentucky. She has been placed in charge of a special teacher.

Water Spout in Nicholas.

Nicholas county was swept by a waterspout Tuesday, which added thousands of dollars to the havoc wrought by the storm of last Thursday night. All streams were again out of their banks and bottom land all flooded. In the extreme East end of Carlisle a number of houses were completely surrounded by the waters of Brushy Fork creek, and much damage was done.

Hillside fields in cultivation which were badly washed Thursday night, were literally torn into great gulches by this storm, and it is reported that a number of growers have lost all of their crops of corn and tobacco on bottom lands. The wheat crop of Nicholas county has been practically ruined and there will be little harvested. That the tobacco crop acreage has been materially reduced by the heavy rains is certain.

Postmasters to Meet July 30.

The official call for the annual meeting of the third and fourth class postmasters of the Kentucky League of Postmasters has been issued and the meeting will be held here July 30. The call includes a request for all postmasters of the class mentioned to be present and is in full as follows:

The annual district meeting of third and fourth class postmasters will be held in the city of Lexington, Ky., on Saturday, July 30, 1910. All postmasters of the above class are requested to be present at this meeting. The district is composed of the following counties: Anderson, Bath, Boyle, Bourbon, Bracken, Boyd, Breathitt, Casey, Clark, Carter, Fayette, Franklin, Fleming, Garrard, Harrison, Jessamine, Lawrence, Mercer, Madison, Mason, Montgomery, Nicholas, Powell, Penitton, Rowan, Robertson and Scott.

Will Not File Suit.

Felix Swope, whose home is near Midway, in Woodford county and who is a nephew of Col. Thomas H. Swope, the Kansas City millionaire whose death has been attended with such sensational developments, has stated that he had no intention whatever of filing suit to break his uncle's will, as had been stated in dispatches from Kansas City. Mr. Swope received a bequest of \$158,000 by Col. Swope's will. In reference to the story sent out from Kansas City that "Elmer C. Swope, of Midway Ky.," had filed a suit at Kansas City, claiming the fortune of Col. Swope as the latter's son, and that depositions were being taken in the case, Mr. Swope said that he had never heard of "Elmer C. Swope," or of "Peter M. Swope," also referred to in the dispatch.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Continental Wireless Telephone and Telegraph Company

Embracing the Following Systems:

**Collins Wireless Telephone, Pacific Wireless Telegraph,
Clark Wirelees Telegraph and Telephone, Massie Wireless Telegraph.**

The Continental Wireless Telephone and Telegraph Company, capital stock \$5,000,000, par value of shares \$1.25 each, has been organized to control, operate and develop wireless telephone and telegraph systems now doing business in America. This Company will have, it is believed, absolutely the best there is in the wireless field to-day.

Arrangements have been made for a controlling interest in the Collins Wireless Telephone Company, capitalized at \$1,000,000; the Clark Wireless Telegraph-Telephone Company, capitalized at \$2,500,000; The Pacific Wireless Telegraph Company, capitalized at \$10,000,000, and the Massie Wireless Telegraph Company, capitalized at \$300,000; the acquirement of all their rights, titles, interests, patents, stations and assets generally, which will place the Continental Company in a very strong position, making its shares a most attractive and inviting investment, a security which embodies all that is conservative, safe, tangible and profitable. The advantages of this consolidation are manifold:

It gives the Company an immediate wide field of operation and consequent earning capacity.

It gives investors an opportunity to become associated with a conservatively capitalized wireless enterprise, stations of which have been, and now are, doing a commercial business.

It assures the establishment of a trans-continental wireless teregraph-telephone service.

The capitalization of the Continental Company is most conservative and reasonable, and indicates the future business policy of the management. There are no bonds or preferred stock.

The Continental Company enters the field with not only the best there is in wireless telephony and telegraphy, but with the most experienced and efficient management that it is possible to concentrate on one enterprise. It numbers, among others, men with professional, technical and financial experience in wireless, men who have aided in perfecting and developing the system now in use, and thoroughly understand every branch of the business. The greatest results can thus be obtained from the least expenditure of time and money.

Success in a large undertaking such as this is dependent on the perfection of all of its parts and it is with great satisfaction that the Continental points to the record of The Pacific, The Collins and the Massie Systems.

The Collins system has been tried and pronounced a success in the following and other experiments:

From Newark, N. J., to New York, 12 miles.

From Newark to Philadelphia, 81 miles.

From room to room in the suite occupied by President Taft at the Hotel LaBalle, Chicago.

Used by General Grant in welcoming the President's train at Chicago, March 17, 1910.

From Congers to New York, 35 miles.

From Chicago to a steamer on Lake Michigan.

Without going into any technical description of wireless telephony it is enough to say that it has undoubtedly come to stay.

HUSTLERS BEATEN IN TUESDAY'S GAME.

In the game at Winchester Tuesday afternoon between the Bourbonites and the Hustlers, the latter club was defeated by a score of 2 to 1.

The inability of the Hustlers to hit Winchell at the proper time was responsible for their defeat, although his teammates put up a good game behind him, and his support was nearly perfect, only one misplay being credited to the Bourbonites.

The Hustlers had at one time three men on bases, with no out, but Winchell pulled out of the hole without letting a runner in. On another occasion they had men on second and first without an out, and then could not score. Burden was able to bunch their hits, which, added to by a few errors were enabled to get their two runs that could not be beat.

The features of the game were the fielding of Kaiser and Kraher, the batting of McKernan, Kaiser, Holder, Callahan, Kraher and Kircher, and the number of doubleplays pulled off by Paris. Score:

Paris.....000001010-2
Winchester.....00000001-1
Hits—Paris 10; Winchester 10. Errors—Paris 1; Winchester 5. Earned runs—Paris 1; Winchester 1. Base on balls—off Winchell 3. Struck out—by Winchell 5; by Burden 7. Double plays—Kuhlman, McKernan, Barnett, 2; Kuhlman, Barnett, Holder; Winchell, Barnett. Stolen bases—Kaiser, Schmidt, Callahan, Hogan. Sacrifices—Winchell, Reed. Umpire—Cayou. Time—2:00.

PARIS DROPS THIRD GAME TO HUSTLERS.

In the third game of the series at Winchester Wednesday the locals lost to the Hustlers by a score of 4 to 3. The game was marked by the sensational finish in which after two men were out Reed landed on the ball for four ascs.

Winchester scored in the second and third innings which Paris tied in the fifth and sixth. In the seventh Winchester added another tally, but the Bourbonites evened up matters in their half of the ninth. Hicks was on third and Maxwell was sent in to bat for

Poole hitting a long fly on which the former scored.

Scheneberg was sent in the box to finish the game but the Hustlers found his delivery for three safe hits, one of which was good enough for all four bases. Poole held the Hustlers to seven hits during the eight innings in which he officiated, but costly errors gave the game to the Hustlers. Black pitched a steady game until the fifth inning when the Bourbonites found his delivery and he was hit pretty hard. Score:

Paris.....000011001-3
Winchester.....011000101-4
Batteries—Paris, Poole, Scheneberg and Holder; Winchester, Black and Horn. Hits—Paris 6; Winchester 10. Errors—Paris 5; Winchester 1. Earned runs—Winchester 1; Paris 1. Two base hits—Black, Hicks, Holder. Three base hits—Mullins. Home run—Reed. Base on balls—off Black 3; off Poole 2. Struck out—by Black 6; by Poole 5. Passed balls—Horn 2. Hit by pitcher—Kraher. Sacrifices—Goodman, Ingers 2; Poole 2; Maxwell, Callahan. Hits off Poole seven in eight innings; off Scheneberg 3 in one innng. Umpire—Knapp. Time—2:00.

Paris Meets the Lawmakers Today.

After breaking even with the Hustlers on their home grounds the Bourbonites will be at home this afternoon at White Park for a game with the Lawmakers. Four days of this week the Paris club has played at Winchester and the fans in this city are anxious to see the boys in action again.

The Lawmakers are coming with their best and something out of the ordinary is expected this afternoon. Winchell or Scheneberg will likely be the choice of Manager McKernan to do the pitching for Paris while either McIlwaine or Crutcher will officiate for the Lawmakers.

The Lawmakers will remain in the city for a game tomorrow afternoon and on Sunday afternoon at White Park the club from Shelbyville will be the attraction. As the Millers are putting up a pretty strong game now it is calculated that the game Sunday afternoon will be something like.

Carlisle Captures Convention.

The Democratic Executive Committee of the Ninth District which met at Morehead Wednesday for the purpose of deciding the time, manner and place of nominating a candidate for Congress in the Ninth District, decided to hold the convention at Carlisle.

Several towns had sent delegations to Morehead to secure the convention but the Carlisle Commercial Club had been working hard to secure the convention and landed the prize.

The latest development in the fight for the Democratic nomination for Congress is the announcement of Edgar E. Hager of Ashland.

The candidates for the Democratic nomination are State Senator C. W. Mathers of Nicholas, Hon. W. J. Fields and C. E. Underwood, both of Carter county, and Hon. Mordecai Williams, of Boyd county. Unusual interest is being manifested by the Democrats of the district on account of the conceded weakness of Congressman Bennett who is practically certain of nomination.

Demonstration of the Wireless Telephone.

Wednesday afternoon at the Windsor Hotel and last night at the Grand Opera house Messrs. Wm. Russell and Geo. D. Kerr representing the Collins Wireless Telephone and Telegraph Company, gave practical demonstrations with the wireless instrument that proved highly interesting to those who were fortunate enough to be present.

The curiosity of a News reporter prompted a visit to the Windsor Hotel Wednesday afternoon to see the demonstration of what is said to be the most marvelous invention of the age, and was well rewarded. The instrument used by the demonstrators was only constructed for use at a distance of forty feet. The transmitting apparatus was placed in one room while that for receiving was placed in another. With the thickness of a brick wall between the two and the distance in excess of forty feet, conversations could be heard distinctly.

Wireless instruments have been constructed for various distances and tests have proved successful at a distance of eighty miles. The wireless telephone is proving of great commercial value to the forty leading cities of the United States where they have been established.

Messrs. Russell and Kerr have established headquarters in Lexington and will be pleased to see anyone who is interested in the concern. A request for a free booklet on "Wireless" addressed to Mr. Wm. Russell, Lexington, will receive prompt attention.

Odorless Refrigerator.

The Odorless Refrigerator, the best ever in Paris. Call and examine. 29 4t KING REDMON

General Hardin May be a Candidate.

Down in the Eleventh District where Caleb Powers and D. C. Edwards are engaged in a hot campaign for the Republican nomination for Congressman, the contest has assumed such proportions as to enliven the interests of the Democrats looking to the possibility of a Democrat filling the office of Congressman from that district and if reports are not misleading the chances look very bright.

So bitter has become the contest between Powers and Edwards that the defeat of either candidate will cause dissension among his adherents, resulting in the demoralization of the Republican forces and the ultimate election of a Democrat to the seat in Congress. General P. Watt Hardin is mentioned in a dispatch from Williamsburg as the Democrat who will oppose the successful Republican candidate for the nomination. The dispatch is as follows:

"The bitter fight being waged between Congressman D. C. Edwards and Caleb Powers for the Republican nomination for Congress in the Eleventh District, who has rent the party asunder from one end of the district to the other, is having the effect of solidifying the Democrats, who see the first hope since the days of General Frank Wolford of redeeming the Gibraltar of Kentucky Republicanism."

"With the surprising strength shown by Powers among the Republican voters and the evident determination of the Edwards men to defeat him for the nomination, it is figured by Democrats that no matter 'which way the cat jumps,' the soreness that will follow the Republican primary in September will not have time to heal before the general election, but will instead increase in intensity and cause the followers of the losing side to knife the other."

"Indeed it is openly bruited about by the followers of Caleb Powers that in the event he is defeated in the primary and slaughtered to make an Edwards holiday, he will run as an independent against Edwards. On the other hand it is very apparent that should Powers by any hook or crook get the Republican nomination, he would be knifed by the Edwards adherents in every county of the district."

"From all over the district come reports that prospects were never so bright for Democratic success, and it

is pointed out that with a candidate like General P. Watt Hardin, the old Democratic war horse, who has made his home here in the Eleventh District for many years, the Democrats could redeem the district. While other Democrats are named in this connection, it is not believed they combine the elements of strength possessed by General Hardin, who is a native of the District and has at all times been the political idol of the mountain people.

"While he is in no sense a candidate it is believed that General Hardin would be willing to take up the banner of his party at the call of Democrats, who look to him as probably the only man in a position to profit by the peculiar political situation that confronts the Democratic party and makes victory a reasonable outcome of the unparalleled dissension in Republican ranks."

The Fourth at Chester.

The safe and sane Fourth of July idea, advocated now so generally, will doubtless cause greater attendance than ever at the summer resorts this Fourth. Chester Park, the place of one hundred joy devices, offers a double barreled celebration this year as both Sunday and Monday will be observed to give the wage earners the fullest possible benefits of the outing possibilities. Twenty-five hundred dollars worth of fireworks will be used each night in the greatest display ever planned for Cinti and the displays will be different on the two days. Chester is now at its best. The monster bathing beach is a perfect antidote for the hot weather feelings. Thirty thousand people were in the Chester beach last week. With its dozen fun devices for bathers and swimmers, the beach is not only a place to be cool, but a place for rare enjoyment.

By unanimous verdict the expert critics of Cincinnati, the Chester Opera Company which will be in its third week Sunday, is the best organization of its kind ever gathered in the West. The presence of Elgie Bowen as head of the Chester Company is a guaranty of the wonderful quality and exceptional comedy in the Chester shows. The international success, "The Sultan of Sulu," George Ade's best work, will be the Fourth offering. Already blessed with splendid street car facilities in past years, Chester this year has a new and more direct line in the Vine-Chester route which insures that Chester will be able to handle the monster crowds of Sunday and Monday. This will be a boon to excursionists to Cinti for the Fourth.

Visit to the County Infirmary.

In company with a few members of the W. C. T. U. Rev. M. T. Chandler, of the Paris Methodist church, made a visit to the county infirmary recently. Rev. Chandler contributes the following in regard to the visit:

"In company with some of the good women of the W. C. T. U. of Paris I spent the afternoon at the county poor farm. We had a very pleasant afternoon. Mr. and Mrs. Speakes gave us a hearty welcome and did everything they could to help us in our work and to make our visit pleasant.

"They were very kind and agreeable and the 'old people' told us that 'Mr. Speakes and wife are fine people and so good to us.'

"The above is their own language as we went among them from cottage to cottage.

"I congratulate Bourbon County and especially the officers of the county through whose efforts the county is supplied with such ample provision for her old and dependent people.

"The institution is a credit to the good old county of Bourbon, and Mr. and Mrs. Speakes seem to be especially suited for their position.

REV. M. T. CHANDLER."

IF WOMEN ONLY KNEW

What a Heap of Happiness it
Would Bring to Paris Homes.

Hard to do housework with a aching back. Brings you hours of misery at leisure or at work. If women only knew the cause—that Backache pains come from sick kidneys. 'Twould save much needless woe. Doan's Kidney Pills cure sick kidneys.

Many residents of this vicinity endorse them. Mrs. J. M. Radford, Murray, Ky., says: "When I compare my present good health with that prior to using Doan's Kidney Pills, it seems as if I could never be grateful enough to this remedy for the benefit it brought. My back was sore and I could not stoop without being seized by sharp pains in my loins. I was tired, weak and devoid of ambition and nothing seemed to do me any good. I finally procured Doan's Kidney Pills and began their use. They soon freed my back from pain and toned up my system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Showing Immensity of Oceans. If all the oceans were suddenly dried up, and the rivers could maintain their present rate of flow, it would take 3,500 years to refill the basin.

Making Life Safer.

Everywhere life is being made more safe through the work of Dr. King's New Life Pills in constipation, biliousness, dyspepsia, indigestion, liver troubles, kidney diseases, bowel disorders. They're easy, but sure, and perfectly build up the health. 25c at Oberdorfer's.

Liberty.

To be a good citizen you must think of a number of things besides liberty; the falls are full of people who aren't interested in anything else.—Atchison Globe.

A Wretched Mistake.

to endure the itching, painful distress of piles. There's no need to. Listen. "I suffered much from piles," writes Will A. Marsh, of Siler City, N. C., "till I got a box of Bucklen's Arnica Salve, and was soon cured." "Burns, boils, ulcers, fever sores, eczema, cuts, chapped hands, chilblains, vanish before it. 25c at Oberdorfer's.

Luck.

The little red man is your good-luck man; the little black man is your bad-luck man. But usually your little black man is on top of your little red man, wallowing him.—Atchison Globe.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 lbs., growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine, Electric Bitters, cured me. I regained 40 lbs. lost and now am well and strong." For stomach, liver, kidneys its supreme. 50c at Oberdorfer's.

Failure.

Real success is often achieved after many failures; an active man builds success upon a foundation of failure.—Russel Sage.

A Wild Blizzard Raging

brings danger, suffering—often death—to thousands, who take colds, coughs and la grippe—that terror of winter and spring. Its danger signals are "stuffed up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-gripping cough. When grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., "after being 'laid up' three weeks with grip." For sore lungs, hemorrhages, coughs, colds, whooping cough, bronchitis, asthma, its supreme. 50c, \$1.00. Guaranteed by Oberdorfer's.

Skin and Scalp Troubles Yield to Zemo.

A clean liquid preparation for external use. W. T. Brooks' drug store is so confident ZEMO will rid the skin and scalp of infant or grown person of pimples, blackheads, dandruff, eczema, prickly heat, rashes, hives, ivy poison or any other form of skin or scalp eruption, that they will give your money back if you are not entirely satisfied with the results obtained from the use of ZEMO. The first application will give prompt relief and show an improvement and in every instance where used persistently, will destroy the germ life, leaving the skin in a clean, healthy condition.

NEW CENTURY BINDER

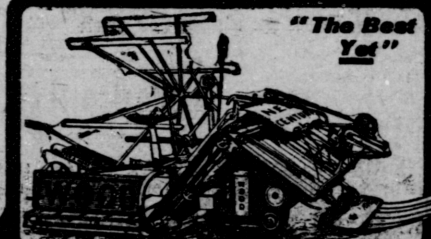

This binder has a world-wide reputation. In every grain growing country under the Sun it is said to be the best yet by all who use it or see it work. The features that appeal most to its users are:—lightness of draft; handiness of operation; durability of construction; ability to do perfect work in any kind of grain; accuracy and sure work of knotters; absence of neck weight and side draft. The New Century is the latest type of binder, made by the people who gave the world its first successful binder, and now give it its most successful one—a binder that

will do work no other machine can do.

It is constructed on principles and from materials that insure more work, better work, longer life and reduced repair bills with less loss of time. We'd like to send you our free catalog describing it in full before you decide on which binder to buy.

STOCK, CROP AND FARM NOTES.

—The wheat growers of Daviess county have formed a pool for wheat. The pool is organized under the name of the Daviess County Wheat Growers' Association. S. R. Ewing is president, and Walter A. Therton, secretary.

—At Winchester court Monday business was quiet, with 500 cattle present and mostly sold. Among these sales were 1 840 pound steer at 5 1/2 cents, 12 heifers at 5 cents, 15 400 round steers at 4 1/2 cents, 5 550 pound steers at 5 cents, 20 ewes at \$3 per head.

—It is said that forty-five million eggs have been shipped into Newark, N. J., since April 1 and placed in cold storage by the warehousemen, to remain there until the high prices of last winter are duplicated. The eggs come mostly from Indiana, Michigan and Ohio. They were purchased at an average price of 23 1/2 to 24 cents a dozen.

—A dispatch from Lancaster says: "Many tobacco growers of Garrard were present here at the court house to hear the speeches of the Hon. Joel B. Fort, of Tennessee, and Bradley Wilson, who has charge of the pooling campaign of this district. Dr. J. R. Aron, the county supervisor of the Burley tobacco interests believes that a large per cent of Garrard tobacco will be pooled for the coming season."

FLEMING COURT.—The Gazette reports the Fleming court as follows: "The court day crowd and business yesterday were small. There were some cattle here, but trade was draggy and prices a little off. Among the sales noted were one bunch of three-year-old steers at 5 1/2 cents, 23 long yearlings at 5 and 1/2 cents, 16 yearling steers of 625 lbs. at \$34.50, 960 lb. yearlings at 29.50, 2 cows and calves at \$52.50 and \$40, 1 heifer at \$38. Nothing much doing in horses and mules."

—Monday afternoon a mass meeting of the farmers of Harrison county was held in Cynthiana. The meeting was a movement of the business men and farmers to make the pool in Harrison county (speedily) sold. The speakers were President Leous, Miss Alice Lloyd, the Rev. Carey F. Moore, of the Presbyterian church; the Rev. Father George A. Bealer, of the Catholic church; Attorney D. Durbin, Master Commissioner H. Peterson Editor J. M. Allen, Editor J. T. Wilson, A. B. Harney and J. Franklin, farmers.

Convention Called in Tenth.

At a meeting of the Democratic Executive committee of the Tenth congressional district, held at Beattyville Tuesday, Mt. Sterling was selected as the place for a general convention to nominate a Democratic candidate for Congress and the date was fixed as August 9. County conventions to select delegates to attend the district convention were set for August 6. Judge James K. Roberts, of Beattyville, has announced himself as a candidate.

Icelandic Wayside Poetry.

Mr. N. P. Fenwick, Jr., notices a curious custom in Iceland of depositing written verses on a cairn, to be found by the next passerby. He translates one so found by himself as follows: "I am sitting here late and early; hungry and cold I linger. Sincere friend, will you not warm the old one?" The reference is to an old crone supposed to inhabit the cairn.

Boston's Best Set.

A Boston lady who found herself trying to eat stones when she thought she was eating bread, and who incidentally broke one good tooth and a set of false ones, is suing the baker for damages. His defense is contributory negligence because the stone was larger than the size of a piece of bread which a lady should put in her mouth. It all goes to show that Bostonians ought to stick to beans.—From the Charleston News and Courier.

Bees and Fruit.

An insufficient supply of bees will hinder the setting of fruit. While other insects may take a part in the carrying of pollen, the fruit raiser must rely chiefly upon honey bees. Experience shows that, though bees may fly two or three miles, hives should be within half a mile of the orchard or small fruit patch.

SCOTT'S EMULSION

is now a summer as well as a winter remedy. It has the same invigorating and strength-producing effect in summer as in winter. Try it in a little cold milk or water.

ALL DRUGGISTS

Free Dyspepsia Sample

Sufferers from indigestion are waking up to the fact that peppermint lozenges, charcoal and "dyspepsia cures" are only makeshifts in the cure of so troublesome a complaint as chronic indigestion. What is required is something that will not only relieve but which will tone and train the digestive apparatus to again do its work normally, and this these simple remedies cannot do.

There is something more to the cure of indigestion than sweetening the breath, and yet a remedy that only contains digestive ingredients will not cure permanently, as the basis of indigestion is poor bowel circulation, and that requires a scientific laxative. We know of no remedy that combines these requirements better than Dr. Caldwell's Syrup Pepsin, which has been sold for a quarter of a century.

Dr. Caldwell's Syrup Pepsin is a laxative tonic, a scientific blending of natural ingredients for the cure of constipation, indigestion, liver trouble, sour stomach, sick headache and similar complaints. Its ingredients will so strengthen and tone the stomach and bowel muscles that they will again do their work naturally, and when that has been accomplished your trouble is over. Fannie Stuart, Staunton, Va., was a long-time sufferer, as was O. Tuck, Blackburn, Mo., and they both found their cure with this remedy. They became convinced that pills and tablets, salts, "dyspepsia cures," etc., were at best only temporary relief. They first accepted Dr. Caldwell's offer of a free sample bottle, which he willingly sends to anyone who forwards name and address. Later, having convinced themselves through the free sample, they bought Syrup Pepsin of their druggist at fifty cents and one dollar a bottle.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.
